I had a great experience and he was right on point. The only negative is I wish I had purchased an hour instead of 30 minutes. I would definitely recommend him to my friends and family. Helpful?

Jason is truly gifted and very professional. I've had many readings in the past, and Jason picked up on things so accurately it gave me chills! Highly recommended as an intuitive, medium, and psychic. Thank you so much!

I was literally moved to tears multiple times and was incredibly touched by what Jason shared with me. I feel comforted and more at peace knowing so many family members surround and support me. I highly recommend him and am already looking forward to my next reading!

It was like talking with an old friend who's a therapist and psychic. The perfect trifecta. Highly recommend.

He's very friendly and approachable. He's very on point. He's the real deal and talented. He was able to pick up small details for myself and various family members. I'd highly recommend him

I really enjoyed my reading! Jason was spot-on on a few things. I am looking forward to using some of his suggestions in the near future and looking forward to a bright New Year! Very positive experience I've already recommended him to some friends!

It was my first reading, and I was bit skeptical, but I am glad I got to meet Jason. He has an extortionary gift that gives a great insight to heal and guidance in a positive way. He was able to connect to my deceased husband and gave me so much of love, and much more insight. He was very professional and kind being. I highly recommend Jason.

Truly an amazing experience. My first time ever seeing a medium and I am overjoyed at the outcome. Very accurate and just so incredible. Very happy with my experience and I will be back again
